

Activity Holidays

Our action packed activity weeks are perfect for adrenaline seekers. We offer a full-on five activity week or a more relaxing week with three days of activities giving you more time to relax and explore the local area.

The area is one of the best canyoning venues in Europe with several good canyons in the Valle de Tena and many others in neighbouring valleys.

No previous experience is necessary for any of our activities. The only pre-requirement is that for any water based activity you need to be able to swim.

Accommodation

You will be staying in the family run Hotel Casa Morlans in Panticosa in the heart of the Tena Valley. Canyoning, rock climbing, hiking and mountain biking are available right on our doorstep.

The Rio Aragon is our base for watersports which can be easily combined with a trip to Castle Loarre and Los Mallos.

We organise everything

All you need to do is to decide which activities you'd like to enjoy and then we'll take care of everything else. We will arrange your accommodation, transport and activities.

Each day you will be accompanied by both a local guide and a translator. All specialist equipment (ropes, harnesses, life jackets, helmets, etc) are provided.

These holidays are perfect for families and we can adjust the level of the activities to be suitable for children and teenagers.

Activities

Activities last half a day (usually morning), followed by a picnic lunch at the activity venue. The rest of the day is flexible depending on what the group would like to do. We can visit a local town, castle or monastery, you can spend time in the outdoor pool or we can go on a short hike.

Rafting

Brave the white water of the Rio Aragon. An exhilarating trip down grade 2/3 rapids. You'll negotiate swirling eddies, standing waves and rough water all set in beautiful scenery.

Canoeing

Take a double canoe downstream through a beautiful valley. Instruction is given before you enter the water and you're accompanied by a guide.

Canyoning

This exciting sport involves following a stream as it travels through a deep gorge. We abseil over waterfalls, jump into rock pools and slide down natural rock chutes. Tremendous fun! The Rio Gorgol in the Valle de Tena is a popular canyoning venue and highly recommended
