

Independent Walking Holidays

Our independent walking holidays are designed to help you enjoy the Pyrenees on your own. We take the hard work out of organising your holiday by arranging accommodation, supplying route directions, maps, weather forecasts and picnic lunches.

Each evening we are at the hotel to talk through your options for the next day. We can offer advice on the best routes, discuss the flowers and birds you've seen on your walks and answer any other questions that you might have.

Self drive

Hiring a car or driving to Spain gives you the greatest level of flexibility - you can choose to arrive and depart on any day and from whichever airport is most convenient to you. Panticosa is easy to find and we provide driving directions.

Airports that are in driving distance include Zaragoza, Barcelona, Pau, Toulouse, Pamplona and Bilbao. Car hire is available at all of these. For more information on getting here see page 22.

Let us do the driving

Choose our transport option and we'll provide transfers to Zaragoza and the trails each day. We visit different areas every day (including one day in the Ordesa National Park) and each area has several different walking options.

Planning pack and route cards

Before you leave the UK we'll send you the most accurate hiking map of the area along with a booklet containing route descriptions for over 200km of the best hikes.

While you're here we provide detailed route cards for each trail. These give detailed directions, length of walk, height gain and what you'll see on the way. The routes range from easy rambles through to long days in the higher mountains so there's something for everyone.

If your legs get weary we also provide several driving itineraries for day trips in your car. These pass through fantastic scenery and visit local sites of interest such as Loarre Castle and San Juan de la Peña.
