

Self Guided: Valle de Tena

Our self guided walking holidays are designed to help you enjoy the Pyrenees on your own. We've a choice of two villages - Biescas or Panticosa and take the hard work out of organising your holiday by arranging accommodation, detailed route cards, maps, weather forecasts and picnic lunches. Each evening we're around to offer advice and talk through your options for the following day.

Peña Foratata and Sallent de Gallego

Self drive

Hiring a car or driving your own car gives you the greatest level of flexibility - you can choose to arrive and depart on any day and from whichever airport is most convenient to you. Panticosa and Biescas are easy to find and we provide driving directions.

Airports that are in driving distance include Zaragoza, Barcelona, Pau, Toulouse, Pamplona and Bilbao. Car hire is available at all of these. For more information on getting here see page 22.

Let us do the driving

Choose our transport option and we'll provide transfers to Zaragoza (on Sunday evenings) and the trails each day. We visit different areas every day (including one day in the Ordesa National Park) and each area has several different walking options.

Easy to follow route cards

Before your holiday we'll send you the most accurate hiking map of the area along with a full planning pack. This contains summaries for over 200km of the best hikes in the area and everything you'll need to know about your holiday.

While you're here we provide easy to follow route cards for each trail. These give detailed directions, length of walk, height gain and what you'll see on the way. The routes range from easy rambles through to long days in the higher mountains so there's something for everyone.

If your legs get weary we also provide several driving itineraries for day trips in the car. These pass through fantastic scenery, visiting local sites of interest such as Loarre Castle or San Juan de la Peña.
